Please come and talk to your Legislators. Find out where they stand on pro-life legislation, and let them know you want them to support pro-life amendments, and pro-life bills, during the 2012 Legislative Session. It's critical that we show our Legislators that the community is truly pro-life!

*Contact your legislators beforehand, if possible, to tell them that you will be in Montgomery on April 12th. **Handout materials will be available to participants of the Pro-Life Legislative Day on the 6th floor of the State House.**
